

Light rail

Rozelle Bay, Lilyfield and Lewisham West improvement works

From Monday 2 to Wednesday 4 August 2021

What we're doing

Transdev Sydney, operator of Sydney's light rail network, and our partner companies are working together on light rail improvement activities.

To improve network safety, service reliability and to reduce the need for ongoing maintenance, we will be undertaking track maintenance activities along the light rail track at Lilyfield and Lewisham West.

How this affects you

Noise and traffic impact

- Track maintenance works will take place:
 - at Lewisham West on Monday 2 August from midnight to 5am
 - between Rozelle Bay and Lilyfield on Tuesday 3 and Wednesday 4 August from midnight to 5am
- Residents and retailers in the area may hear noise associated with track tools, angle grinders and track grinders.
- Access to site will be through the Brenan Street gates for Lilyfield works and Alfred Street gates for Lewisham West works.

We understand these works can impact you and your neighbours and would like to thank you for your patience and cooperation in helping us ensure the safety of the community. The NSW Environment Protection Authority has been notified of these works.
