

# Light rail

## Wentworth Park and Lilyfield improvement works

From Tuesday 14 to Thursday 16 September 2021

### What we're doing

Transdev Sydney, operator of Sydney's light rail network, and our partner companies are working together on light rail improvement activities.

To improve network safety, service reliability and to reduce the need for ongoing maintenance, we will be undertaking track maintenance activities along the light rail track at Wentworth Park and Lilyfield.

### How this affects you

#### Noise and traffic impact

- Track maintenance works will take place:
  - at Lilyfield from midnight to 5am, on Tuesday 14 and Wednesday 15 September
  - at Wentworth Park from midnight to 5am on Thursday 16 September
- Access to site will be through the Brenan Street gates for Lilyfield works and Railway Street gate, Glebe for Wentworth Park works.
- Residents and retailers in the area may hear noise associated with track tools, angle grinders, rattle guns, as well as plant mobilisation and site access outside of the hours specified above.

We understand these works may impact you and your neighbours, and would like to thank you for your patience and cooperation in helping us ensure the safety of the community. The NSW Environment Protection Authority has been notified of these works.
