

Light rail

Dulwich Hill improvement works

From Monday 15 February to Wednesday 17 February 2021

What we're doing

Transdev Sydney, operator of Sydney's light rail network, and our partner companies are working together on light rail improvement activities.

Proactive infrastructure improvements like these are one of the ways that we will continue to offer the community a reliable and safe transportation service, and to ensure all network assets are of the highest quality.

How this affects you

Noise and traffic impact

- Works will take place over two nights between
 - 11pm Monday 15 February to 6am Tuesday 16 February, and
 - 11pm Tuesday 16 February to 6am Wednesday 17 February.
- Works will occur at night.
- Access to the site will be from the Hercules Street gate in Dulwich Hill.
- Residents can expect to hear noise associated with angle grinders and on site generators.
- Floodlights may be used during the work period but directed away from residential areas.
- Workers may access the site before and after the works period to set-up and remove equipment.
- While workers will park their vehicles inside the rail corridor where possible, please be aware that on-street parking may be limited near the worksite.

We understand these works can impact you and your neighbours and apologise for the inconvenience this may cause. We also would like to thank you for your patience and cooperation in helping us ensure the safety of the community.
